FOREIGN NEWS

Peking Government Dead.

NEW YORK, September 7.—A dispatch to the Herald from Tien Tsin, August 28, via Chefoo, Sept. 3 and Shanghai Sept. 5, says: It is reported that the American Minister approves of inviting Li Hung Chang to Peking to negotiate on behalf of China. Those who know this viceroy best regard him as insincere, incapable and unreliable. In Peking the Government is dead. It means either partition or the maintaining of independent provincial governments.

Overtures by Mandarins.

NEW YORK, September 7.—A dispatch to the Herald from Peking, dated missing, via Tien-Tsin, September 3 and Shanghai, Wednesday says: Overtures toward peace negotiations with the allied ministers have been made by a few mandarins but there is no prince among them. The allied forces are hesitating to enter the palace, fearing for the prestige of the Chinese government and if the buildings were destroyed and burned the government of the whole of China would fall on the powers, rendering partition inevitable. This delay is encouraging the forces who have murdered two French soldiers in the center of Peking.

Declines to Withdraw.

WASHINGTON, September 6.—Germany has very politely informed the Administration that she will not withdraw her troops from Peking. In her position Germany has the support of Italy and Austria, and, there can be no doubt, of England also. The Administration is just waking up to the fact that it has been outwitted by the young Kaiser; that Great Britain is no longer the close friend, and that our allies in the sight of the world now are France and Russia, the ancient enemies of our one-time friend.

England Pleased.

LONDON, September 7, 3.30 A. M.—Germany's polite refusal to withdraw from Peking is commented upon with keen satisfaction in London, and the hope is expressed that Lord Salisbury will show similar firmness. The British reply has not yet been formulated. Lord Salisbury desires to consult with his colleagues and has notified the Foreign Office of his intention to return to London from the continent early next week.

Russell Sage on Bryan.

NEW YORK, September 6.—In an interview this morning Russell Sage, the aged financier, said, discussing politics: "I do not believe Mr. Bryan's election would be such a disastrous event. But then I don't think he will be elected. Vermont has just spoken and her vote of 30,000 majority for the Republican ticket means a great deal. There's a lot of sound common sense in Vermont. "Why, if Mr. Bryan should be elected he would have to come to the financiers for advice as to the financial policy of the Government. His election would soon convert him from his silver views."

Won't Buy our Cotton.

MANCHESTER, Eng., September 7.—At a meeting of the cotton spinners here today it was decided practically unanimously, not to purchase American spot cotton during the month of September. Four-fifths of the employers in the trade were represented. It is anticipated that the decision will lead to the closing of scores of mills for several weeks.

Gold from Wreck Bay.

VICTORIA (B. C.), September 7.—The steamer Willapa from the west coast brought \$1500 in gold from Wreck Bay, the output of three weeks. The miners expect to take about \$200 a day now, since the big machines have been put in.

Trade Unionism.

LONDON, September 5.—At this morning's meeting of the Trades Union Congress in session at Huddersfield, Delegates Kemp and Hunter of the American Federation of Labor both delivered addresses and were presented with gold watches as mementos of their visit. Mr. Kemp contended that the interests of the worker of the world were identical and if ever universal peace was reached it would be through the instrumentality of trades unionism.
